INSTRUCTIONS:

A QUERY LETTER session is an excellent way to get feedback on your query letter and gain insights from industry professionals about what works.

Here’s what you need to do:

Bring **FOUR** copies of your query letter. If your query letter is more than a page long, only the first page will be read. Remember, query letters are typically no more than 1 single spaced page (500 words) and that is considered long.

Be professional. Use business letter formatting:
- Single spaced is okay
- Times New Roman or Courier font
- 12-point font size
- One-inch margins all around
- Half-inch indents for each new paragraph, single column of text.

All query letters will be read aloud by a volunteer reader or by the person whose query it is, and two agents will give their critiques/first impressions.
